

LIQUIDFRAME

MODULAR TANKS

- ✓ **FRP (Fiber Glass Reinforced Plastic) Panel Type Water Storage Tanks** are versatile, since its size and capacity can easily be modified according to customer's requirements.
- ✓ **Features:** Ease of Installation, expandable, collapsible, transportable, and no heavy lifting equipment required.
- ✓ Food grade FRP panel maintains the water clean for a long period of time.

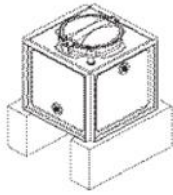

Applications:

- Residential/ Commercial Buildings
- Hotel
- Schools
- Offices
- Agricultural
- Mining Sites
- Factories/ Industrial Plants
- Water Districts

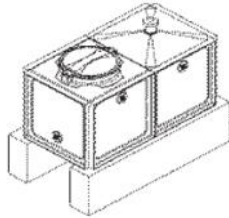

- ✓ Easy to clean low maintenance water storage tank system.
- ✓ In case of water leak, individual panels can be replaced individually. No need to replace the whole tank.
- ✓ FRP Tanks are corrosion free, strong and durable.
- ✓ Stainless and Galvanized Modular Water Tanks are also available.

Available Sizes:

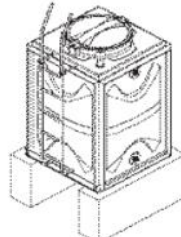

1,000 liters (1 cubic meter) – 1,000,000 liters (1,000 cubic meter)

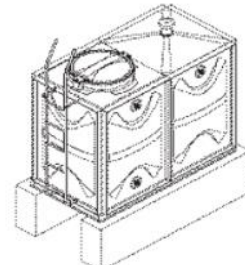

$1 \times 1 \times 1 = 1\text{m}^3$
3.3 x 3.3 x 3.3' = 264 USG

$1 \times 2 \times 1 = 2\text{m}^3$
3.3 x 6.5 x 3.3' = 528 USG

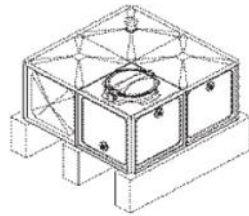

$1 \times 1 \times 1.5 = 1.5\text{m}^3$
3.3 x 3.3 x 4.9' = 396 USG

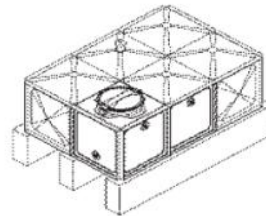

$1 \times 2 \times 1.5 = 3\text{m}^3$
3.3 x 6.5 x 4.9' = 793 USG

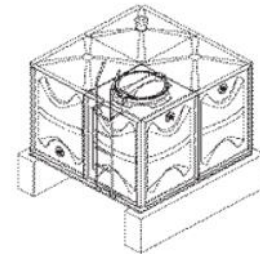

$1 \times 1 \times 2 = 2\text{m}^3$
3.3 x 3.3 x 6.5' = 528 USG

$2 \times 2 \times 1 = 4\text{m}^3$
6.5 x 6.5 x 3.3' = 1,057 USG

$3 \times 2 \times 1 = 6\text{m}^3$
9.8 x 6.5 x 3.3' = 1,585 USG

$2 \times 2 \times 1.5 = 6\text{m}^3$
6.5 x 6.5 x 4.9' = 1,585 USG
